All entries have been **meticulously verified in terms of providing the most up-to-date information as of publication**, including association name change, event dates, etc. **Introductory information is conveyed in both English and French**. "Associations Canada is a comprehensive listing of nonprofit organizations in Canada, as well as self-proclaimed "how-to" guide for incorporating not-for-profit organizations in Canada.... **The guide is easy to use and well organized**, and the fact that *Associations Canada* is (partially) bilingual also garners kudos. This resource is recommended for public librarires (particularly those close to the Canadian border) and academic libraries with programs in Canadian studies."
